## Y SECRETARY TO MAKE REPORT

### Directors of Y. M. C. A., Will Hold Meeting Tonight

### TO SELECT DELEGATES

Soon to Call Woman's Auxiliary—Active Program of Work to be Mapped Out by Executive Committee.

The board of directors of the Young Men's Christian Association will meet this evening at the Chamber of Commerce at 8 o'clock. The meeting is expected to be a very important one as the first report of the new general secretary, K. E. Wallace will be given and delegates to the state convention at Richmond the 15th and 16th of this month will also be chosen.

A final adjustment of standing committees is also slated for this evening. The executive committee together with all of the other committees, will doubtless be chosen and it is intended to decide on a time to call together the women's auxiliary which is composed of a large number of sympathetic ladies of the city. In many cities this auxiliary is one of the most vital forces in the life of the association, and it is planned to make it even more so in this city.

C. C. Lamond, president of the Association is optomistic over the outlook and says that a regular monthly meeting night will be chosen for the board. He also states that possibly the executive committee will have to have weekly meetings, so pressing is the program of the Y. M. C. A. now becoming.

### SUCCESSFUL MONTH

Sunday was a big day in the Sunday School of the Methodist Episcopal Church South. The month of May was designated as new scholar month, when an effort was made to bring the number on the roll of the school to equal the roll of 1004 constituting the membership of the church.

The effort was more than successful. During May one hundred and twenty seven new members were enrolled, forty one of this number being enrolled Sunday bringing the membership of the school to one thousand and twenty two in all departments.

### MEETING TONIGHT

Mr. Lamsa To Tell of Conditions in Far East

A meeting will be held at 8 o'clock tonight in the rooms of the Chamber of Commerce in the interest of the suffering Armenians, Syrians, Jews, Greeks and Persians. Those who desire to hear of the greatest tragedy of the world today are invited to be present. An address will be delivered by Mr. Lamsa, a native of the Far East.

By massacre, deportation, confiscation, and other methods of persecution, the Turks have tried to annihilate the non-Turkish population of Western Asia. It is estimated that of the survivors, 4,000,000 Armenians, Syrians, Jews, Greeks and Persians are destitute. Of this number 400,000 are orphans.

To say merely that they are destitute is not enough. Except where help from the outside has reached them, they are dying by hundreds every day of starvation and disease. They have to fight for single grains of wheat they scramble for refuse to eat. They have been so tortured and they are so desperate—some of them—that they have dug human bodies from their graves and eaten them.

Nowhere in history is there a record of human suffering on such a scale.

## SEEK CONFIRMATION OF SALE BY COURT

### Manufacturing Plant at General Shipbuilding Corporation

### BALTIMORE CONCERN

No Definite Announcement Given Out Regarding Purposes For Which it Will be Used—Brought $50,600.

The recent sale of the property of the General Shipbuilding Corporation on river front, sold at auction May 22, shortly will be presented to the United States Court for the Eastern district of Virginia for confirmation.

This property was resold on an upset bid of $50,000 and at the recent sale purchased by The Charles L. Stockhausen Company of Baltimore. It brought $50,600, and the first sale made to Arthur H. Bryant of this city resulted in a price of $41,500.

While no definite announcement as to the purpose which the purchasers will put the plant has been announced it is understood that if the sale is confirmed it will mean another large manufacturing enterprise for this city which will give employment to a large number of hands.

The property consists of six acres on the Potomac river improved by fourteen buildings, of brick and frame construction, marine railways, railroad siding, etc. The sale was made for Louis N. Duffey, trustee in bankruptcy.

### UNION OF OLD VA. CLUBS

Proposed consolidation of the Westmoreland and the Commonwealth Clubs of Richmond, as recommended by a joint committee recently appointed by the two organizations will be considered at a special meeting of the membership of the Westmoreland Club. Plans of the consolidation include the erection of a new building with modern equipment on the site of the present Commonwealth Club, the site and building to cost not more than $650,000. Recommendation of the joint committee for the joining of forces and property is based on no financial or other necessity, but simply that greater facilities may be provided.

### KILLED BY A POLICEMAN

Madison, Wis., June 1.—Carl E. Jandorf, of Grand Rapids, Mich., a sophomore at the University of Wisconsin, is dead here following a clash between students and a police man. Patrolman Matthew Lynauch killed Jandorf when students attempted to force the release of a freshman arrested for stealing a barber pole, students said today. The barber pole was to have been used in the bonfire for cap night.

### TO CONFIRM CLASS

Bishop William Cabell Brown will confirm a class in the Good Shepherd Chapel, corner Franklin and Fairfax streets, at 7.45 o'clock tonight.

### BITTEN BY SNAKE

Six year old Stuart Gray Mercer, son of Sheriff J. Herbert Mercer, was taken to Grace Hospital, Richmond, Monday afternoon suffering from the bite of a flat head moccasin. The little fellow's condition is serious. Stuart was at the country place of Mr. and Mrs. W. L. Phillips, friends of his family, when he met with the mishap. He was playing in a pile of sand, which had been heated by the warm rays of the sun. The snake was buried in the warm sand when the boy's foot struck it. The reptile buried its fangs in his leg. The boy's screams attracted members of the Phillips family, who killed the snake.

### PROGRAM CARRIED OUT

The program heretofore published in the Gazette for the Memorial Day exercises at the National cemetery was carried out in detail. An able address was delivered by Representative Ambrose Burnside Stephens. The exercises were well attended.

## SPORTS

The Cardinal Athletic Club baseball team visited the United States Marine Corps nine at Quantico, Virginia, where they played two games. The first game the Cardinals won by an 8 to 3 score and the secod game, the Cardinals were again victorious by an an 5 to 2 score.

In the first game "Speedking" Jones was at his best and pitched a gold-brand of baseball, 22 karets fine, and the "Devil Dogs" were unable to solve his delivery. "Teddy" Schaeffer had a banner wigning day, in the catching line and also hit the ball hard, his home run drive being one of the features of the day.

"Doug" Merchant, first base; Sullivan, second base; George Allensworth third base, Tetrealt, shortstop; Meaney, right field; Jimmy Alexander, center field; and Frank Owens, left field, played a beautiful game in fielding and their batting and base-running were of the big-league brand.

Singleton, the Marines star pitcher was a hard lad to beat, as his speed and assortment of curves will "get the goat" of the best batters anywhere, but his team mates failed to hit the Cardinals pitcher when hits meant runs. No doubt Comrade Singleton will give a good account of himself when he joins the Philadelphia team of the National League, in the near future.

Frank A. Kirby, well-known in Alexandria as a whole-souled good fellow, showered the Cardinals with every courtesy and the fine dinner and supper furnished the Cardinals and their friends was of the best and was highly appreciated. His catching was fine and his pegging to the bases excellent. Every player on the Marine team is of the best, but baseball is a very queer game and the best teams lose at times.

In the second game Jimmy Alexander, pitched part of the way and his fast ones whistled like a calliope and made the batters think a circus was in town. Meaney also assisted him behind the bat. Babe Payne finished the game in great shape and batted 1,000 Hughes, Sampson, Jim Sweeney, Joe Owens, and Howard all performed well as relief players. The features of the second game were the home run of Frank Owens and the heavy hitting and grand playing of Father G. Murphy, the Catholic chaplain of the Marines, who played second base.

Captain Bayne, athletic officer is a true sportsman, and made it his business to see that the Cardinals spent a pleasant day. To him and the entire Marine Corps the Cardinals lift their caps.

The Cardinal Athletic Club baseball team were disappointed yesterday when the team scheduled to play failed to arrive. Two teams within the present month have done likewise, and the president of the Cardinals will personally seek to learn the cause from those responsible for such non-appearance. If teams arrange games, and then back down perhaps it is because they lose heart and are afraid to meet the Cardinal lads. Expecting a hard game yesterday the Cardinals had a line-up that would have given the visitors a hard tussle to win, as follows: Jimmy Alexander, pitcher and "Teddy" Schaeffer, catcher, are two of Alexandrias best young all-around baseball players were the choice for battery duties; Faithful Doug Merchant, first base; Meaney, a star player from Somerville, Mass., second base; George Allensworth, third base; Totreault, a small lad in size but a streak of lightning in action, late of Lowell, Mass. shortstop; Hughes, right field; Frank Owens, center field Joe Owens, left field; "Babe Payne, Harrington, Burrell, and Sweeney, utility players.

The above named players will play the United States Marines at Quantico today. Larry McLean and "Reds" Purdy, who have been away on business trips will also go if they arrive in time. "Speedking" Jones, the likeable buddy, who charms a batter like a snake charms a bird, will pitch one game and expects a win.

Sulliwan of the Catholic University of America, will also make the trip with the Cardinals.

## CITY BEGINS ITS NEW FISCAL YEAR

### Police Court Fines Exceed Those of Previous Years

### AMOUNT TO $9,244.50

Mayor Fisher Collects $30,742.43 For City Licenses During Same Period of Time.

The city's fiscal year closed yesterday. The exhibits showing the receipts and expenditures of the various departments will be presented to the City Council during the present month and printed in due time.

The year 1919-1920 was a banner year in the history of the police court, the receipts from fines amounting to $9,244.50, as follows:

June, $849; July, $971.50; August, $875.65; September, $743.50; October, $1,050; November, $827.50; December, $381.50; January, $540; February, $581; March, $552; April, $948.85; May, $924.

As has heretofore been stated, a large percentage of fines were imposed upon parties who violated the traffic laws in one way or another. It may here be stated that the new traffic law which has passed both boards of the City Council imposes additional requirements upon all persons operating vehicles of any sort in the city of Alexandria. The penalties required are greater than under the old law.

During the same period Mayor Fisher collected $30,742.43 in licenses, which is also a record sum from that source.

It may be said in passing that during the past two score years many ordinances have been passed by the City Council which have not been enforced as rigidly as they might have been. A large percentage are in relation to sanitary requirements, while some are designed to eliminate annoyances of certain sorts.

The city starts today upon its new year under auspicious conditions. Most of the present officials have long been in the harness, the electorate selecting them to succeed themselves as their terms expire. The silent reaper has not made serious roads into their ranks, and where some have recently laid down the burdens of life worthy successors have been chosen.

### ELKS PLAN EXCURSION

To Attend Flag Day Service in Washington June 13. B. E. Robey Chosen Trustee

Alexandria Lodge of Elks at a meeting held last night decided to give a family excursion to Colonial Beach this summer and a committee composed of H. Friedlander, J. Wolf, Fred Gravenstein, D. G. McWhorter, W. H. P. Kelly and Chas. H. Zimmerman was appointed to make the necessary arrangements.

It was decided to attend in a body the flag day services to be given by Washington Lodge of Elks, No. 15, at the Sylvian Theater, Washington at 3 o'clock Sunday afternoon June 13. The local lodge will hold its flag day exercises in its lodge room June 14.

The lodge elected David E. Robey a member of the board of trustees to fill the vacancy caused by the resignation of Henry W. Wildt.

### DOUBLES CAPACITY

The Virginia Feed and Milling Company, manufacturers of horse feed, chicken feed and dairy food has recently doubled its capacity.

This concern is one of Alexandria's hustling institutions and its success since it started here has been phenomenal.

### ENTERTAINMENT FRIDAY

Come early if you desire a good hearty laugh, and see the old maids.

### TRACK MEET AND BALL GAME

Big Crowd Witnesses Successful Meet at High School Grounds

The track meet held yesterday afternoon on the High School grounds proved to be a highly successful affair in every way. All the events were hotly contested by both the Dreadnaughts and High School representatives.

The first event was the 100 yard dash with Hicks of the High School winner. Dreifus proved to be a very close second for the Dreadnaughts, his brother finishing third for the High School.

Loverin of the Dreadnaughts, took the high jump at 5 foot 3. Tullock second with 5 feet, Midkiff third with 4 feet 10 inches.

The relay race was captured by the High School. The team was made up of Hicks, Suthard, Dreifus and Midkiff. Dreadnaught's team Hayden, Tullock, Dreifus and Loverin. The men ran in the order named. The race began poorly, although Hayden took the inside position from Hicks at the very beginning and did splendid running until they came to the rest when Hicks put on a little spurt and managed to give his man a three yard lead which Suthard took up and increased to about twenty yards on Tullock. Dreifus had this big lead on his brother and made a fine run against him, although he lost about four yards at this point. The interest became intense as the crowd saw Midkiff coming down the home stretch and finish with a two yard lead, they howled with joy. It was a fine finish and the crowd was delighted, although Loverin made a splendid effort, he had too much of a lead to overcome and too good a man out in front of him.

The baseball game was merely a repetition of the other games played here this season. The Dreadnaughts batting the fast Indian Head team Maryland state champions. The game was featured by the all around fine playing of Dawson, the Dreadnaughts left fielder, he contributed a fine three base hit in the second inning scoring Rice, and in the fifth made a sensational catch at his shoe tops while coming in at full speed.

Hayde and Strunkle followed Dawsons lead and connected for three baggers in the sixth and eighth respectively, but Hayden was called out for not touching third base when he tried to stretch his hit into a home run.

Indian eHad made a rally in the ninth which through a score into the big D's Camp but they fell short by the narrow margin of one run.

Indian Head outbatted the home team two to one, nicking Forsman for twelve hits. Final score, 11 to 10.

Dreifus of the Dreadnaughts, after finishing a hard ball game came through and took the broad jump from the comparatively fresh High School boys, making a fine mark of 18 feet 2 inches. Suthard took second place for the High School.

The High School relay team besides winning minor prizes awarded by R. E. Knight, and the Dreadnaughts are to be presented with a beautiful loving cup also to be given by the Dreadnaughts.

### GAINES WINS FOR NAVY

The Army and Navy game Saturday resulted in a score of 11 to 1 in favor of the Naval Academy. Quoting from an account of the game, the following was said:

"The outstanding features of the triumph were the hitting of Clark, who twice circled the bases, driving in two ahead of him, and the steady and effective work of Gaines, the young Virginian, upon whom all the hopes of the Navy were centered."

Midshipman W. Roland Gaines is a son of J. W. Gaines, of this city.

## ALL MUST WORK

An article in yesterday's Gazette concerning the present high cost of living called attention to the fact that work is the only way to bring about a reduction in prices.

This is without doubt the crux of the matter. Statistics are being published daily which show that land is lying idle and production is on the decrease all the time. A large percentage of the residents of our cities are of the bucolic class who have dropped the hoe and the plow to participate in the saturnalia of high wages which has brought about an intoxication which shows no abatement.

Nearly nineteen hundred years ago idle people were infesting cities. The city of Salonika which figures prominently in these days of reconstruction was known as Thessalonica in the days of the Apostle Paul. He wrote two epistles to disciples in that place. A passage in the second letter is often quoted as a rebuke to the unthinking and improvident. It is as follows: "For even when we were with you this we commanded you that if any would not work, neither should he eat. For we hear that there are some which walk among you disorderly, working not at all."

Paul used the Greek language in his writings. It may not be known to all, but the words "work not at all" are a translation of one word in the original which means persons who hold themselves above work.

What an indictment is this of many thousands who strangely imagine they are placed in this world as onlookers.

## AN ANNOYING CUSTOM

A lady resident of the Second ward has complained to us of the pastime of certain boys and some their elders, who amuse themselves, generally in the cool of the evening, by tossing baseballs in the streets. The lady is kept in a nervous state fearing hard balls, generally thrown with strength, will strike small children.

One of the laws of the City Council makes this a misdemeanor or any other diversion which is an annoyance or dangerous.

The custom which keeps this lady apprehensive is not confined to any one neighborhood, but is indulged in, more or less, in every locality.

Several weks ago small fines were imposed by the Police Court upon youngsters who had defied the police and persisted in throwing balls in streets of the Second ward. Later a number of others were brought in to court and similarly small assessments.

Those who complain have no desire to prohibit the amusements of any one, but they suggest that such as desire to play baseball repair to their back yards and indulge in the sport to their heart's content, but do not annoy persons who desire to sit at their front doors now that summer has dawned upon us.

It is hoped the police will give this matter their attention.

## BUYING THE PRESIDENCY

The whole Republican pre-convention campaign has been reduced to a sordid money basis. Even the virtuous and impeccable Hiram Johnson, whose indignation at the thought of his competitors throwing cash about at random, collected and made use of $75,000 that his managers were unable to account for off hand. Other sums were spent by his people locally, particularly in California, where it is said a group of rich men went out to neutralize the Hoover expenditures. But the Johnson outlay pales into insignificance in comparison with what has been and presumably is being spent to further the Wood quest or the presidential nomination. Even old-time politicians who remember the Mark Hanna barrel, and had part in other campaigns where money was plentiful, stand aghast at the revelations that have been made before the Senate investigating committee. When one man contributes $510,000 to a campaign, as Colonel Proctor admits having contributed to that of General Wood, and still another underwrites [illegible] the race for the country's highest political honor has reached the line of decency and become a mere matter of purchase.

While the high water mark of campaign slush funds has been attached in the case of Wood, other candidates are equally guilty in intent if not in the gigantic proportions of available cash. Governor Lowden, of Illinois, possessor of millions, contributed nearly $400,000 out of his own pocket to pay for his campaign expenses. It is no wonder, of course, that the poor man shrinks from participation in active politics when such exhibitions of [illegible] are made before the eyes of the country.—Richmond Times-Dispatch.

## TALKS ON PRICE OF GAS

(Communicated)

Will the editor of the Gazette kindly let me write a few lines to the committee on lights. The Gazette likes to go back to old times, and I am going back to old times now.

We all know that Columbus and Alfred streets were named after the Alexanders, so once when a city father in writing a little history of the town said: "We will now let Columbus street be named after Christopher Columbus and Alfred after Alfred the Great. That teaches us because we are related to the Alexanders, but now we are more nearly related to the gas meters. So imagine our feelings after months and years of rushing silver quarters through the pipes leaving them all with silver linings not getting nothing out but naptha and a bad smell—just as the gas is to be improved too when we hear this:

"Now we will let the price of a thousand feet be one dollar and eighty cents." "Shade of the Alexanders!" One would think they would say, "Now we will let those miserable patient gas users get a little return for their money."

Do not our taxes pay for keeping the plant in order? Isn't Washington city going to ask only $1.25 for gas? Will not a reduction in our living expenses keep people from leaving the town? Are we going to let gas soar to the zenith because everything soars? I heard an old colored brother say with a beaming countenance, "Now everybody starts," so much the worse for him.

An Alexander.

## BIBLICAL PICTURE THRILLS

Displaying an accuracy in portrayal that is startling in the extreme, the Richmond theatre, last night, showed the picturization of an event in Bible history, that packed the house at the first two performances and comfortably filled it at the last, when the William Fox special, "Salome," with Theda Bara in the title role furnished the entertainment.

This well known star, in the role of Salome, the temptress, was excellent throughout the entire play. Events that are recorded in the Bible were accurately displayed and persons who have several times read the story of the life and death of John the Baptist, recognized many of the scene as being taken directly from the Holy [illegible]

G. Raymond Nunn in the part of Herod, the pagan king of the Jews, was also excellent and his particular part in the drama which ended in a request by Salome for the head of the prophet on a silver charger, which concluded in her death and the destruction of the kingdom of Herod were also vividly brought out, making this filmization of the Biblical story one of the best that has ever been released for Alexandria. The same picture will be shown again tonight for the last time.

## VIRGINI NEWS

Henry E. Litchrd, one of the most prominent bakers of Richmond Virginia, has resigned as vice sident and treaurer of the Old minion Trust Cmpany to accept presidency of e Federal Trust mpany.

After tying his pet together with strand of barbedwire and leaving ote pinned to rail fence near notifying relates where his y would be found, C. W. Heath, a farmer of ple Green, near hmond, drowned himself in a ek no tmore tha eighteen inches p. Brooding oer the death of wife is given a the cause.

unishment of mn who refuse to k at the state arm is no longer lash or any o the forms that e been used fr a long time. nager Penn, in charge of the farm believes in other mans for the correction of the refractory men who frequent his establishment. He has devised a means of correcting the rebellious whereby they make their own punishment. For instance, when a prisoner declines to "do his bit" he is taken to a perfectly smooth upright post, firmly planted in the ground, and his hands are "cuffed" around the same. The offender is left to stand there, having no chance to rest his hands, but is made to stand perfectly straight up. When he gets enough he so informs the guard. He cannot leave for any purpose.

Rev. Charles H. Boggs, of Highland Park, Richmond, who is now 90 years old, is critically ill He retired from the ministry when he reached the age of 70, and since that time has been living quietly with his daughter. The venerable minister is just worn out, old age creeping on him while he grew old gracefully. He is perhaps the oldest Mason in the city and one of the oldest in Virginia. He served in the Confederate states army as a chaplain.

Fire Saturday night completely destroyed the plant of the Richmond Leather Company, the largest plant of its kind in the South. The establishment covered a city block at Twenty-second and Cary streets. The loss is estimated at $200,000, almost fully covered by insurance.

Senator Carter Glass, of Virginia, is looked upon as the man who will be the administration's main spokesman at the Democratic convention at San Francisco. This view is taken because of President Wilson's indorsement of the Virginia Democratic patform in a letter to Glass. Mr. Glass, it is now believed in Washington, will go to the convention to lead a fight to base the national platform on the Virginia document. In general the Virginia platform met with approval among the Democrats of the house.

J. E. Taylor, aged 50, and his wife, aged 44, were found dead in their parlor at Roanoke yesterday morning immediately after several pistol shots were heard. The police advance the theory that the man killed his wife, then shot himself. Jealousy and brooding over the high cost of living are given by persons acquainted with the couple as probable motives for the shooting. Six children survive.

Fines of $100 and jail sentences of 60 days each were imposed on B. W. Thomas, and G. W. Howard, of Victoria, Virginian Railway employees, charged with "operating a lottery," following a hearing in police court, in Roanoke.

J. B. Burner, 64 years old, was killed Saturday when his car went over an embankment on Massanutten Mountain. He was attempting to turn on a curve when his car backed down over the mountain side, turning over twice. He died shortly after the accident from internal injuries.

Senator and Mrs. Carter Glass have announced the engagement of their daughter, Miss Augusta Christian Glass, to Robert McClanahan Allen, of Roanoke, the wedding to take place in Lynchburg in October.

Farmers in Virginia are working as never before, in the opinion of Henry M. Taylor, field agent for the Bureau of Crop Estimates, who in a report made public, states that the acreage, which will be planted this year will be made about 9 per cent less than that of a year ago. This is in the face of a report made by him after a survey of the labor condition on farms, which shows that the shortage of farm help is about 64 per cent less than the demand. Virginia farmers are putting forth every effort to produce as much as possible in the face of the fact that they are handicapped because they are unable to compete with the employers of labor in other lines of business.

Every man in the present congress from the state is in the race for nomination in the August primaries, save and except that Congressman E. E. Holland, of the Second district, is retiring from public life after many years. The lists will close Thursday.

### FOREST FIRE SWEEPS TOWN

**Half Population of New Brunswick Village Suffer in Destructive Blaze**

St. John, June 1.—One-half the residents of St. Quentin, N. B., having a population of about 2,000 were homless Saturday night as the result of a forest fire, which swept through the village. The property damage is estimated at between $750,000 and $1,000,000.

The fire quickly spread beyond control and when it had exhausted itself, sixty-five dwellings, three mills, two hotels, the Canadian national railway station, the Provincial Bank and many business places, including lumber yards, were destroyed.

Relief trains have been despatched from St. Leonards and Camp Teilton to bring out the homeless. No lives were lost.

Halifax, N. S., June 1.—More than forty families were rendered homeless by fire, which destroyed forty-seven buildings in an area three-quarters of a mile long and half a mile wide. The damage is estimated at between $200,000 and $300,000.

### $2,000,000 LOSS

**Part of Morgan Line Pier in Texas Port Goes up in Smoke**

Galveston, Texas, June 1.—Section C of pier No. 41. Morgan Line, burned last night. It is estimated that the pier and worehouses and contents thereon were damaged to the extent of $2,000,000.

Spray It! One Trial Is Proof

Preventol Keeps Out Mosquitoes

Spray Preventol in your bedroom before you retire and enjoy a peaceful night's rest. The vapor will rout these pests whose bite puts poison in your blood and spreads loathsome diseases. Spray Preventol over walls, ceiling, floor, furnishings of the room and the bed clothing. This will drive the mosquitoes out and keep them out. They will not stay where Preventol is sprayed.

Preventol vapor will not stain the most delicate fabrics. Spraying Preventol is the up-to-date way of getting rid of flies as well as mosquitoes — quick — clean — non-poisonous — non-explosive, yet always sure.

Rely on Preventol, too, to kill roaches, bed bugs and moths. Darking insects run from their hiding places and drop dead in their tracks when you spray Preventol. Its vapor destroys germs and odors. Easily used—always reliable.

Special combination Sprayer and Pint Can in handy box saves you money. $1.90 at your dealer's. Additional re-fill cans: Pint, 60c; Quart, $1.00; Half Gallon, $1.70.

**Ingomar—"The Third Generation"**

Telling the story of the son of an old New York family who finds himself "down and out," and who starts off to drown himself in the East River when a sudden and strange series of happenings put him back with a chance to make good, "The Third Generation," the Robertson-Cole Superior picture which opens at the Ingomar Theatre today is a striking drama of today.

It is acted by an all-star cast, most prominent in which are Betty Blythe, Mahlon Hamilton, Betty Brice, Jack Pratt, Edward Cecil and Joseph Swickard. The scenes are laid in New York, in the Metropolitan Opera House, at a fashionable mountain resort, and in a Western mining town. Henry Kolker directed and wrote the picture, which was produced at the Brentwood Studipes.

As an extra attraction "Petticoats and Pants," a 2-reel Christy Comedy, said to be one of the funniest comedies seen in this city for some time, will also be shown.

## SENATE TO SHELVE BONUS

**Bill Passed by House Will be Received Today and Sent to Committee**

The soldier bonus bill, passed by the House after a debate of 40 minutes under a "gag" rule will be formally received by the Senate today, and, according to all indications, quietly conducted to the legislative graveyard of this session.

It will be sent to the finance committee where, it is understood, there are sufficient votes to prevent any such measure being reported out at this time. Many of the prominent members of the Senate are determined to put the measure to sleep forever and it is certain that it will not see the light before the recess or adjournment for the national conventions. Should any effort be made to call up the bill on the floor Senator Thomas, of Colorado, and three other Democrats are ready to conduct an extended filibuster against it.

## WILSON TAKES HAND

**Summons Cummings to White House for Conference on Details of Convention**

President Wilson took a direct hand yesterday in the arrangements for the Democratic national convention at San Francisco, June 28.

Summoning Chairman Cummings, of the Democratic national committee, to the White House, the President discussed with him the party platform, the league of nations as a campaign issue, the status of the peace treaty, the Senate investigation into preconvention campaign financing and Mr. Cummings' keynote speech.

Mr. Cummings, who will leave today for San Francisco to remain until after the convention, was at the White House two hours and returned later to have lunch with the President.

## PARIS NEAR-PANIC

**French Banks and Merchants Unwilling to Take Risks**

Paris, June 1.—There are scenes at the Paris Bourse every day, the fundamental cause being an acute fear of an approaching panic, a fear directly traceable to the fall in the value of the dollar and the rise of the franc, which, far from helping France, has created the most dangerous financial situation since the beginning of the war.

Not a single buying order has been sent to America since the fall of the dollar began, both banks and merchants being unwilling to risk their money.

It is generally prophesied that a new upward movement in the value of the franc will begin soon, and that then it will go even higher than before.

The financial crisis which has brought the entire world to the verge of the worst panic in history, is attributed to the action of New York banks in suddenly calling in huge loans, which had been granted to Japanese exporters in Tokyo, because of the rapid advance in the price of silk.

## VIRGINIA PRESS

**Annual Meeting July 14-16 at Blue Ridge Springs Va.**

The thirty-second annual meeting of the Virginia Press Association at Blue Ridge Springs, Va., will be held Wednesday, Thursday and Friday, July 14, 15 and 16. The program being prepared will cover every branch of newspaper work, both daily and weekly. The "Question Box" will again feature.

Social features will include an old-fashioned Virginia barbecue, dancing; a side trip to the famous Peaks of Otter; and a banquet tendered by the Bedford Business Men's League at the Elks' National Home at Bedford.

## NATURE'S ACIDS HEALTHFUL

It seems as if nature must intend that people shall eat acid things in spring, as nearly all the first things which come are decidedly acid in their flavor. Rhubarb or pieplant, for example, is certainly about as acid as anything can be. Strawberries are an acid fruit. Delicate little green sorrel, which makes such a nice sauce for lamb or veal, has an acid all of its own. So it is evident that this acid is needed after the heavy and less varied diet of the winter. Agreeable and appetizing as the acid is, there are certain desirable precautions in cooling. Care should be taken never to cook these acids in any metal vessel which may be affected by the action of the acid. Fortunately enameled ware furnishes a perfectly safe material for cooking vessels. Its smooth, porcelain-like surface can not be affected by even the most powerful acids, so that the spring vegetables and spring greens can be enjoyed with impunity. Speaking of rhubarb, a new variation on the old rhubarb stew has recently been devised, which is worth trying. Stew prunes and sliced bananas with the rhubarb, in the proportion of half rhubarb to one quarter prune and one quarter bananas. This makes a rich jam like preserve and has the great advantage of cooking the rhubarb with less sugar, and in these days we are very glad to save as much sugar as we can.

## THE MOTOR LUNCH BASKET

With the ever lengthening days come thoughts of spring and summer pleasures. Motor trips are planned, and one begins to realize that once again out of door life will be enjoyable. Not the smallest comfort of such trips and picnics is the well equipped lunch basket. That is especially so in these days when H. C. L. makes one shy of the increased prices of roadside inns and hotels. It is a mistake to think that any nicked cups, odd saucers or cracked plates will do for the outfit of a lunch basket. It is very much better that the basket should have its own set of dishes which are always in good order and always on hand. One cannot do better than copy the rest huts of the war and furnish the basket with enameled ware. This is not only unbreakable and easily cleaned but it is much lighter than any china which would be strong enough to withstand the rough usage it must necessarily encounter. What enameled ware will successfully survive is well illustrated by a pretty white and gold tea set which, though made in the United States was bought in Orizaba, Mexico. It traveled in the luncheon basket over the sketchy roads of that erratic but interesting country for three years. It then followed a hardly less strenuous and exciting career in out of the way parts of Europe and now after fifteen years is still in use in a mountain cottage. It is not only still in use, but it is still pretty and almost perfect. What other ware could show a record like that! So a lunch basket equipment will be in the nature of an investment. Enameled ware mugs are preferred to cups by many picnickrs and large saucers are often used in the place of individuals plates. Thought and ingenuity will enable each housewife to provide her own basket with the outfit best adapted to the wants of the family which will use it, and she will find in enameled ware any convenient arrangement which may suggest itself to her mind.

## TEN MILLION AMERICANS ARE RED CROSS MEMBERS

Washington, June 1.—Announcing the 4th Red Cross Roll Call will be held from Armistice Day, November 11, to Thanksgiving Day, November 25, next, Dr. Livingston Farrand, chairman of the Central Committee, today made known that as the result of the Roll Call last fall the American Red Cross now has ten million members, with returns still coming in. This is more than twenty times the pre-war membership of the society and, of course does not take into account the fourteen million school children who are members of the Junior Red Cross.

In fixing the date of the annual enrollment of members, Dr. Farrand also made known the decision of the Red Cross to make each anniversary of end of the World War the occasion for renewing popular allegiance to the Red Cross through dollar annual memberships. Thus the Fourth Roll Call will have for its primary purpose maintenance of as nearly universal membership as possible to carry on the peace-time responsibilities of the organization. These obligations include continuation of measures in behalf of America's veterans of the World War, particularly the disabled; service for peace-time Army and Navy; development of stouter national resistance to disease through health centers, increase of the country's nursing resources and Red Cross cooperation with official health agencies; continued preparedness for disaster relief; Home Service and community work; and completion of relief work among teh war exhausted and disease ridden peoples overseas.

## NEGRO SHOOTS WOMAN

**Mrs. Hannah Rifkind The Victim is in a Serious Condition in a Hospital**

Shot through the right jaw while riding in an automobile with her husband, pretty Mrs. Hannah Rifkind, 23 years old, of 1501 First street northwest, Washington is in Sibley Hospital in a critical condition. The shooting occurred last night while the machine was passing Burden court, on New Jersey avenue northwest, as the result of Clarence Patterson, colored, 35 years old, "testing" a revolver.

Patterson told the police he was sitting on the porch of his home, 1150 Burden Court, cleaning his pistol, when he decided to fire twice "just to test it," One bullet passed through Mrs. Rifkind's right jaw.

At a meeting of the City Council of Alexandria to be held in the market Building at eight o'clock p. m. on Tuesday, June eighth, 1920, an amendment to that section of an ordinance empowering and instructing the Mayor of the City of Alexandria to execute a contract on behalf of the City Council of Alexandria with Edward E. Mandeville, his successors or assigns, in reference to the furnishing in this city of light, heat and power, by electricity, approved July 25, 1906, and which now reads:

"The said contract shall further provide that the said Edward E. Mandeville his successors or assigns, in consideration of the award to him or them of the electric lighting franchise, and in further consideration of the agreement as above set forth, shall furnish electric current for light heat and power to all consumers in the City of Alexandria, who will pay for the same monthly at a price not to exceed twelve (12c) cents net per kilowatt for the first kilowatt and seven (7c) cents net per kilowatt for each succeeding kilowatt."

will be considered by the said City Council, and the following ordinance looking to the amendment of said section of said ordinance, will be presented to the said City Council at that time and place for its consideration and if approved will then be adopted, by which amendment the rates now charged as above provided for will be changed as shown in the proposed amendment as set out below:

An ordinance to amend an ordinance entitled an ordinance empowering and instructing the Mayor of the City of Alexandria to execute a contract on behalf of the City Council of Alexandria with Edward E. Mandeville, his successors or assigns, in reference to the furnishing in this city of light, heat and power, by electricity, which was approved July 25, 1906.

Be it ordained by the City Council of Alexandria, Virginia:

Section 1—That paragraph 4 of an ordinance entitled an ordinance empowering and instructing the Mayor of the City of Alexandria to execute a contract on behalf of the City Council of Alexandria with Edward E. Mandeville his successors or assigns in reference to the furnishing in this City of light heat and power by electricity, approved July 25, 1906, and reading as follows:

"The said contract shall further provide that the said Edward E. Mandeville, his successors or assigns, in consideration of the award to him or them of the electric lighting franchise, and in further consideration of the agreement as above set forth, shall furnish electric current for light heat and power to all consumers in the City of Alexandria, who will pay for the same monthly, at a price not to exceed twelve (12c) cents net per kilowatt for the first kilowatt and seven (7c) cents net per kilowatt for each succeeding kilowatt."

be amended and re-enacted so as to read as follows:

"The said contract, by and with the consent of the City Council of Alexandria, Virginia, and the Alexandria County Lighting Company, the successor of the said Edward E. Mandeville, shall be modified and reformed so as to provide that the rate for residential and commercial users in the City of Alexandria for electricity furnished by the Alexandria County Lighting Company shall be as follows:

First 5 kilowatt hours consumed per month $1.00 (which shall be the minimum monthly bill)

Next 300 kilowatt hours used per month 8c per K. W. H.

Next 500 kilowatt hours used per month 7c per K. W. H.

Next 800 kilowatt hours used per month 6c per K. W. H.

All in excess of 1605 K. W. H. per month 5c per K. W. H.

On all bills paid within ten days of date of bill a cash discount shall be allowed of 5 per cent on the first $25 of the monthly bill, and 1 per cent on the balance.

"If, at any time after the passage of this ordinance either party is dissatisfied with the rate as above fixed, and the said City Council and the said Alexandria County Lighting Company its successors or assigns, cannot forth with agree upon some other mutually satisfactorily rate, the party dissatisfied may, upon ninety (90) days notice in writing to the other party, call for an arbitration, whereupon said rate shall be determined by arbitrators, one to be appointed by the City Council of Alexandria, one by the said Alexandria County Lighting Company its successors or assigns, and the third (in case of a disagreement by said arbitrators) by the two so appointed; or in the event of the two being unable within twenty (20) days after the date of the appointment of whichever of the two was last appointed, to agree upon a rate, or failing that to agree upon a third arbitrator the third arbitrator shall be appointed by the then Judge of Corporation Court of the City of Alexandria, Virginia, and the determination as to rate of a majority of the three so chosen, shall be binding upon the parties hereto their successors or assigns, for a term of six months from the date of such determination. Any expense incurred for the compensation of such arbitrators shall be borne by the said City Council of Alexandria and the said Alexandria County Lighting Company, its successors or assigns, equally.

The Mayor of the City of Alexandria is hereby authorized to enter into ... Alexandria County Lighting Company its successors or assigns in order to put into effect the provisions of this ordinance.

This ordinance shall be in force from ...

## DODSON SOUNDS CALOMEL' DOOM

**The 'Liver Tone' Man Warns Folks Against the Sickening, Salivating Drug**

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you lose a day.

Calomel is mercury! When it comes into contact with sour bile, it crashes into it, breaking it up. Then is when you feel that awful nausea and cramping. If you are sluggish, if liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it can not salivate or make you sick.

## A WORD TO THE SEASHORE HOUSEWIVE

During the w the sea shore as a summer resort was decidedly in eclipse. The fe of submarines and their activities ay have been foolish and much exggerated, but it did undoubtedly keepmany people inland Now the sea shg has returned to full flavor and ever have cottages been in demand they are this year. Those who are ortunate enough to own a cottage nd, luckier still, to have some torent at prevailing prices, will soo be putting them in order for the oming season. There is just one grea enemy to the house keeper at theen shore and that is rust. Moths e no worse there than elsewhere, here is less dust, but rust certainly does corrupt and ruin everything that is rustable. For this reaso if not for others equally good an sufficient, enameled ware is not on the most agreeable material fo kitchen utensils at the sea shore, t the only one really desirable. t alone, can be left safely over e winter and be found in the same condition in the spring. In preparig a seaside cottage for tenants enameled ware pitchers will be found an economy as well as a convenience. They are lighter than the ordinary crockery pitcher, will not break, nor soon lose their noses and usefulness.

## RUN DOWN BY MOTORBOAT

**It Happened on Callowhill Street "Victim" Tells Police**

Philadelphia, Pa., June 1.—A motorboat ran down Rodney Callen, of Folsom street near Seventeenth, according to the story he told the police when they picked him up at Ninth and Callowhill streets yesterday. He was at first unconscious, but was revived sufficiently to tell of his unusual experience.

Callen was taken to the Hahnemann Hospital, treated for severe cuts and bruises, and then arrested by the police of the Tenth and Buttonwood streets station, who are trying to find out where he got it.

## COOKING ON THE MOTOR BOAT

Motor boating about our seacoasts shared for some years during the war the same blight which attacked the sea shore resorts. Many motor boats were bought by the government, many more were voluntarily used in the government service and the few remaining owners were afraid to take theirs out. This year will see a great recrudescence of motor boating. The government has been selling its motor boats at very reasonable prices and enthusiasts are returning with zest to their old sport. The equipment of a motor boat should always include a complete outfit of enameled ware which has not only the great advantage of being unbreakable, but also of not being rusted by salt water. Not only the cooking utensils should be of enameled ware, but plates, cups, mugs and saucers should all be of this serviceable material. They can be left on the boat indefinitly and always be found in good condition when wanted. Each motor boat owner will have his own ideas as to the best cooking apparatus but some of our boys back from the other side are loud in praise of the somewhat primitive looking charcoal braziers in use on small motor craft on the Mediterranean. Charcoal must, of course, be used in the open air as the fumes in a small cabin would be very dangerous, but placed on deck, this brazier with a couple of handfuls of charcoal will certainly accomplish a great deal of cooking.

## WHAT'S DOING IN 1923

**Freshmen Class A. H. S.**

In a class room at the eastern corner of the Alexandria High School, a freshmen class of 1923 begins its duties of the day. At the ringing of the nine o'clock bell the class of '23 bows for the Lord's Prayer. After finishing this, our teacher reads the Holy Bible. Then we are ready for our day's work.

The first subject is science taught by Miss Randall and which is one of the most enjoyable studies we have. At the end of this period the pupils go in Miss Dickert's room for algebra, a very hard subject if one does not study. After leaving this room, we pass to Miss Iden's room where we study English composition and read many of the classics, among which are "Stevenson's Treasure Island" and "The Lady of the Lake," and when we have finished the former we look forward, with pleasure, to seeing the very old "Black dog and Jim Hawkins" himself on the screen. The next bell rings we remain with Miss Iden for study period, thus having a chance to study anything that we forget to study at home. This period sometimes seems long for it just precedes our luncheon recess, a well earned respite from hard study. The twelve thirty o'clock bell rings and we hurry back to our first afternoon class a terrible strain on all, for it is tiresome arithmetic and Miss Callahan has hard work to keep us alive and our "Jobs" of measuring carpets and fields. From here we take a little trip up high to the second floor where Mr. Hall rights supreme over his dead Latin. We all agree with the poem,

"Latin is a language,
As dead as dead can be,
It killed the ancient Romans,
And now it's killing me."

But we get along nicely and Mr. Hall tells us a few secrets to keep until we met again. However, we dont keep these secrets long for, as we assemble in Miss Ficklin's class, she has to interrupt us as we are all anxiously and riotously trying to tell one another these secrets. Miss Ficklin, the last but by no means least, in our program leads us gently and calmly along through the careers of Alcibiades and Alexander the Great, and thus in a pleasant manner ends a "perfect day."

Catherine Baumgardner.

## AMERICAN LEGION

Incomplete and scattering reports to State headquarters in Richmond indicate that at least 1,000 new members were added to the Legion in Virginia during the big membership "push" last week. Many posts continued their work over Saturday because they were delayed in launching their campaigns. They are seeking to enroll every available ex-service man and do not care to end the movement until that object has been accomplished.

Colonel Franklin D'Olier, National Commander of the American Legion, will visit Richmond on June 21 and 22, in making a tour of practically every section of the country. Arrangements are now being worked out for his reception and entertainment by the Richmond Post, No. 1, and the Virginia Department Headquarters.

Because of the National Commander's visit, the regular May meeting of the State executive committee, which was scheduled for May 29, has been postponed until June 21, in order that he may be present. Meeting with the state executive committee at the same time will be the district committees for the First, Third and Fourth districts. Colonel D'Olier will be the guest of several affairs arranged in his honor by the Richmond post and the Women's Auxiliary, while Mrs. D'Olier who will accompany her husband, will be the guest of a social women's committee appointed for her entertainment.

## ANOTHER RIOT FEARED

The members of the committee on law and order of the Knights of Columbus minstrels are somewhat apprehensive concerning that they fear will develop into a riot of laughter when the great minstrel show is produced in the Lyceum Hall during the latter part of next month.

Judging from the universality and degree of interest that is being manifested in the coming local event, the minstrel authorities are at a loss to know just what would be the most adequate steps to take in order to care for the seething crowds that will clamor for admittance to witness the wonderful K. C. performers. The manager of the minstrels is in receipt of a communication from the grand chief of the survivors of the Mexican war of 1848, in which the grand chief states that a detachment of 100 veterans will be at the disposal of the minstrel officials to assist in handling the crowds, and to see that in the mad rush for admittance particular care is given women and children.

The members of the minstrel group assembled last Sunday and a group picture was taken of the entertainers. The picture was quite a success, and already a large number of friends of the performers have placed orders for prints. As has been heretofore stated, the Knights of Columbus minstrels is perhaps unique in its particular line, in that the orchestra that will assist the minstrel is a permanent organization of the local council, having for its leader, J. F. Jaegar.

## THRIFT RECORD BY CLUB

What is probably the thrift record for this section of the United States has been made by the Woman's Club of Radford, Virginia. Replies to questionnaires sent out recently to club women in Maryland, Virginia, West Virginia and the Carolinas, who are taking an active part in the campaign to reduce unnecessary expenses and incidentally the H. C. L., show that the Radford Club walks off with a maturity value of $100 each, 444 War Savings Stamps and 67 Thrift Stamps. The club has a membership of 40.

The Radford Club has also the record for saving on clothes. Three new garments, a suit and two dresses, have graced the club meetings this spring, and the thrift chairman of the organizations, Mrs. W. H. Painter, reports that always have ancient and honorable dry histories behind them. "An Old Clothes League" is now in process of formation, the report contins, so that all the citizens of Radford may become, as it were, extensi members of the club in this phase its activities.

## NAILS TO STOP SPIDERS

**If You Puncture Your Tire You Are Speeding, If You Can Stop in Time You're Not Guilty**

Athens, Ga., June 1. Policemen of this city have an effective and rather unique method of curbing speeding autoists. Omers posted planks studded with long tack nails and when they see a car approaching at a rate they believe excessive, they drop the plank in front of the machine. If the car speeding, it cannot be stopped in time and as a result its tires are punctured, but if the machine is proceeding at a reasonable pace it can be stopped before the plank is reached.

The chief of police says the system is cheaper than maintaining a motorcycle squad, and has the additional advantage of making the capture of speeders comparatively easy.

**Decree Issued by Ministry of Public Instruction Substitutes Moral Suasion for the Cane**

Berlin, June 1.—Corporal punishment in German schools is to be abolished says a decree just promulgated by the ministry for public instruction. The decree declares that caning and other forms of castigation are inconsistent with the spirit of the times and should be discontinued altogether in favor of moral suasion. It is added that in no case girls should be subjected to corporal punishment.

In a year from now, a report is to be made by schoolmasters and mistresses on the effects of moral suasion upon the German youth.
